JOB OFFER

IT TECHNICIAN

Annual salary between \$49 920 and \$78 936

You are an experienced and skilled IT Technician willing to join a dynamic, devoted and motivated team in the fields of industrial computing, new technologies, Cybersecurity, design, programming and IT network for the renewable energy sector.

✓ About us

For over two decades, we have demonstrated an insatiable curiosity and desire to continuously improve. We are passionate about what we do, and we are determined to provide innovative and efficient solutions that exceed our clients' highest expectations.

Ganex invests in outstanding people of diverse background and talents and empowers them to achieve more than they could elsewhere. Our work combines advice with action and integrity that is why we are recognized as our clients trusted partner.

Ganex has activities all across Canada, has been doing projects in the US for the last 3 years and recently opened a new office in Illinois.

✓ Candidate profile

You will demonstrate talent in problem solving, analysis and decision making in a complex technical environment. You will provide an optimal support to our customers by investigating, communicating and resolving information technology problems.

✓ Your role

- Configure, manage, test and document different type of databases, networks, servers, storage and security equipment;
- Maintain, troubleshoot and repair different IT networks and overall systems for our clients;
- Perform assessments of existing site and propose improvements or corrections;
- Support the Operation and Maintenance activities of our clients, from Tier 1 to 3 investigation and repair, depending on the cause;
- When needed, participate in remote support of our client's operations or carry out field interventions.

✔ What we are looking for

Must Have:

- College degree in Information Technology, Computing Science or related field;
- At least 2 years of related experience;
- Experience in database configuration;
- Capability to travel to Canada and US (Ganex other workplaces and customer's sites);
- Fluency in written and spoken English.

Nice to Have:

- Ability in programming;
- Good knowledge of virtualisation methods and software;
- Experience in networking and Cybersecurity.

✔ What we offer

- A permanent full-time position in a dynamic team and a friendly working atmosphere;
- A remuneration between \$49 920 and \$78 936, based on your experience;
- Paid time off subject to eligibility, such as vacation, sick and bereavement;
- Benefits, subject to elections and eligibility: Medical, Disability, Life insurance and Defined Contribution Retirement Plan.

Principal Workplace

200 East Howard, Suite 252

Des Plaines , IL (suburb of Chicago)
