JOB OFFER

IT SYSTEM SPECIALIST

Annual salary between \$54 080 and \$91 520

You are an experienced and skilled IT System Analyst willing to join a dynamic, devoted and motivated team in the fields of industrial computing, new technologies, Cybersecurity, design, programming, IT network and client relationship for the renewable energy sector.

✓ About us

For over two decades, we have demonstrated an insatiable curiosity and desire to continuously improve. We are passionate about what we do, and we are determined to provide innovative and efficient solutions that exceed our clients' highest expectations.

Ganex invests in outstanding people of diverse background and talents and empowers them to achieve more than they could elsewhere. Our work combines advice with action and integrity that is why we are recognized as our clients trusted partner.

Ganex has activities all across Canada, has been doing projects in the US for the last 3 years and recently opened a new office in Illinois.

✓ Candidate profile

You will demonstrate talent in problem solving, analysis and decision making in a complex technical environment. You will provide an optimal support to our customers by investigating, communicating and resolving information technology problems.

✓ Your role

- Design complete end to end IT systems;
- Carry out IT projects at all stages (evaluation, development, installation, commissioning, maintenance and optimization);
- Configure, manage, test and document different type of databases, networks, servers, storage and security equipment and processes;
- Occasionally support the Operation and Maintenance activities of our clients, especially with Tier 2 and 3 investigation and repair;
- When needed, participate in remote support of our client's operations or carry out field interventions.

✔ What we are looking for

Must Have:

- Bachelor degree in Information Technology, Computing Science or related field;
- At least 2 years of related experience;
- Experience in networking and security equipment;
- Availability for occasional travelling (Canada and USA);
- Fluency in written and spoken English.

Nice to Have:

- Good knowledge of virtualisation methods and software;
- Experience in programming and database configuration, maintenance and reporting.

✔ What we offer

- A permanent full-time position in a dynamic team and a friendly working atmosphere;
- A remuneration between \$54 080 and \$91 520, based on your experience;
- Paid time off subject to eligibility, such as vacation, sick and bereavement;
- Benefits, subject to elections and eligibility: Medical, Disability, Life insurance and Defined Contribution Retirement Plan.

Principal Workplace

200 East Howard, Suite 252

Des Plaines , IL (suburb of Chicago)

Start date

February 2022

Please send us **your resume** and **cover letter** to the attention of the human resources service.
